**DOWNTOWN REDLANDS
PUZZLE SCAVENGER HUNT**

**BROUGHT TO YOU BY
THE REDLANDS VISITOR CENTER**

LET'S SEE HOW MUCH YOU KNOW ABOUT DOWNTOWN REDLANDS. SOLVE THE CLUES WHILE VISITING YOUR FAVORITE LOCAL SPOTS.

1. Follow the clues
2. Find the locations
3. Collect the puzzle pieces inside each business
4. Complete your puzzle!

I was an original Blacksmith and livery and in 1960 I became the 1st ALL electric building in the City of Redlands.

I was once a furniture store in the 1900's and now we make kids smile.

I'm located next to what used to be the Chandler Building in 1903 and is now a park.

I was built in 1904 as a carriage house.

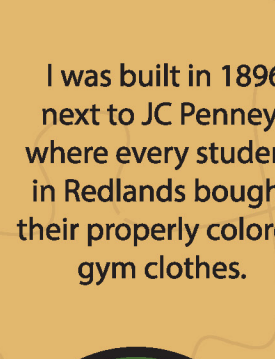

I was built with a 500 seat opera house on the second story and City Hall on the lower floors.

I used to be a Hay and Grain/Livery Stable in 1892.

I use to be a finance department. The salesclerk would put a sales tag and money/checks in a cannister, and shoot it through the pipe over to me.

I was built in 1896 next to JC Penney, where every student in Redlands bought their properly colored gym clothes.

I was a Carriage & Harness Emporium where visitors to Redlands could rent a rig. See the braid design on the second story?

I was built in 1887. Can you see the 100-year-old machines in the factory museum?

Each business will have 1 unique puzzle piece. Families will come in and receive one puzzle piece per person participating in the hunt.
